EXPERIENCE

2021 - PRESENT **Arch Linux, Remote** - AUR Package Maintainer
I'm maintaining and publishing some packages in AUR.

2017 - PRESENT **Github, Remote** - Open Source Developer
Go • Shell • Python • JavaScript • Rust • Godot
Since my first contribution in 2017, I have been regularly reading code, developing small projects, and contributing to open-source other projects.

2019 - 2021 **Divonor, Remote** - Junior Software Developer
Go • Shell • Python • Docker • CircleCI
As well as working on the backend part of the company product based on Go, Python and a little bit of Shell, I have developed and maintained a small DevOps circle.

2017 - 2019 **Independent, Remote** - Software Developer
Godot • Python • Lua
I have written and (some of) published several games on non-major game engines in many different programming languages.

2017 - 2019 **Freelance, Remote** - Freelance Software Developer

ORGANIZATIONS

2021 - PRESENT **Ankara Gophers, Ankara** - participant

2022 **AWS Community Day Turkey, Ankara** - participant

2022 **Atolye15 Internship Camp, Izmir** - participant

EDUCATION

2019 - PRESENT **Akhmet Yassawi University, Remote**

SKILLS

Go - Python - Docker - Git - Linux - Shell - AWS - Kubernetes - NodeJS
